

Who is PSW Power & Automation?

PSW Power & Automation delivers complete solutions within electrification and renewable energy. The company specializes in the design and integration of ESS and electrical power systems, electrical infrastructure, energy storage and energy control.

Does PSW Power & Automation offer battery energy storage systems?

The company has [...] PSW Power & Automation has signed a frame agreement with a Swedish energy company for the delivery of Battery Energy Storage Systems (BESS). The agreement relates to design, delivery, installation, commissioning, adjustment, and handover of BESS in accordance with the framework description.

Who is PSW Power & Automation & Trollh ttan Energi?

PSW Power & Automation has signed a contract with Trollh ttan Energi to deliver three Battery Energy Storage Systems (BESS) with a total capacity of 11.3MWh, installed on three different locations in Sweden. The solution will be used for the Nordic balancing market and the new upcoming local flexibility markets for energy storage.

Does PSW Power & Automation decarbonise construction?

PSW Power & Automation's mobile DC fast chargers decarbonise construction PSW Power & Automation delivers mobile DC fast chargers for heavy machinery, helping to decarbonise the construction industry.

What is a PSW battery pack?

The battery pack is one of several innovations by PSW, which delivers complete solutions within electrification and renewable energy. Among these are mobile batteries and mobile DC fast chargers for zero-emission construction sites.
