Who is Anhui Schutten solar energy?

Anhui Schutten Solar Energy Co.,Ltd.,founded in 2013,is a national high-tech enterpriseintegrating advanced technology and innovative capabilities. We specialize in the R&D,production,and sales of photovoltaic products,providing solutions and services for photovoltaic power stations and systems.

Who is Schutten solar energy?

Schutten Solar Energy Co.,Ltd. is a national high-tech enterprise owned the world-leading PV module production Line.Schutten focuses on the production and sales of PV modules. And also provide the design,installation,and after-sales services of the PV power stations and PV power systems.

Where are Schutten PV modules made?

Currently,Schutten has two PV module production bases located in Chinaand Thailand,with world-class production and testing equipment which are used to produce double-glass,multi bus bars,half-cell and other high-efficiency PV modules.

Where is Schutten manufactured?

Schutten Owns two production basis in Chinaand Thailand.Schutten brought in the world-class PV module production line in Year 2020,which can produce high-efficiency PV modules such as film,double glass,multi-busbars,and half-cells PV modules.

As a global smart new energy solution provider, we focus on the R& D, manufacturing and maintenance of photovoltaic modules, as well as the design and installation of photovoltaic ...

????????????????2013?,???????? ???

We specialize in the R& D, production, and sales of photovoltaic products, providing solutions and services for photovoltaic power stations and systems. The company has a strong R& D team and has established a comprehensive cooperation relationship with the Chinese Academy of Sciences and universities.

Anhui Schutten Solar Energy Co., Ltd is a national high-tech enterprise with leading technology. As a global smart new energy solution provider, we focus on the R& D, manufacturing and maintenance of photovoltaic modules, as well as the design ...

As a global smart new energy solution provider, we focus on the R& D, manufacturing and maintenance of photovoltaic modules, as well as the design and installation of photovoltaic power plants.
