

Saint Barthélemy enersys energy products

What does EnerSys do?

EnerSys is a stored energy systems and technology provider for industrial applications. The company manufactures reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure systems.

What types of batteries does EnerSys sell?

EnerSys is the global leader in batteries, chargers and accessories for motive, reserve, aerospace and defense applications. Industrial batteries. Forklift batteries.

What industries did EnerSys acquire?

These industries include medical, aerospace and defense systems. With the Alpha acquisition, EnerSys expanded its portfolio to become a fully integrated DC power and energy storage system and technology provider for broadband, telecom and energy storage systems.

Who is EnerSys?

EnerSys is the global leader in batteries, chargers and accessories for motive, reserve, aerospace and defense applications.

Why should you choose EnerSys's batteries?

An essential industry within a fast-changing landscape. EnerSys provides solutions supporting the vital parts of the network, providing the means to its safe and uninterrupted functioning. When readiness and reliability are paramount, EnerSys's batteries are hard at work in the world's most critical and demanding applications.

Who is the CEO of EnerSys?

The president and CEO as of 2024 is David M. Shaffer. EnerSys produces reserve power batteries, marketed and sold principally under the Alpha, PowerSafe, DataSafe, Hawker, Genesis, ODYSSEY and CYCLON brands.

PRODUCTS. Main Menu ... EnerSys operates more than 32 manufacturing facilities around the world serving over 10,000 customers from a wide range of industries in 100 countries. We are the recognized global leader for stored energy solutions and systems. EST. PEOPLE: 1983: 627+

Battery building blocks. The Intensium®; ranges are standardized to deliver a consistent and holistic design that scales up to multi-megawatt systems and are ready to plug and play. They deliver: Enhanced safety architecture; High performance; Energy efficiency; Long life; Compact design; Full container assembly and testing in Saft factories minimizes project risk.

EnerSys" global manufacturing and operational footprint ensures consistent delivery of high-quality products and services, making it the recognized global leader in stored energy solutions. Customers trust EnerSys not only for its century-long legacy but also for its commitment to innovation and excellence.

ODYSSEY®; batteries by EnerSys®; apply AGM technology with an additional innovation. Manufactured with a proprietary Thin Plate Pure Lead (TPPL) technology, advanced ODYSSEY®;
