Does St Martin have electrical outlets?

Re: Electrical outlets in St. Martin- French side for electronic On the Dutch side they use 110V with North American style plugs, so nothing needed. On the French side they use 220V with French style plugs. But some accommodations on the French side have at least one 110V outlet with a North American style plug.

What is the voltage in St Martin?

1. Re: voltage in St. Martin? The Dutch side power is the same as in the U.S. - 110-125 Volts 60 Hz- and uses the same plugs and sockets as at home. The French side is 220-250 Volts at 60 Hz (yes, 60 and not 50 as in France - this lets the two sides of the island pool their generating capacity).

Do I need a plug for St Martin?

Standard US plugs and appliances are compatible too. On the other side, St Martin (French side) has a 220 voltage at 60 Hz. French plugs are required. It is highly recommended to bring a transformer plug with you to adapt to any side of the island.
