

The Bulgaria's Ministry of Energy began accepting applications yesterday (21 August) in tenders for 3,000MWh of energy storage capacity. Called the National infrastructure for the storage of electricity from renewable sources (RESTORE), the programme seeks battery energy storage system (BESS) resources that will go into operation by March 2026.

Image: A BESS project in Brazil from ISA CTEEP. The Brazilian Minister of Energy and Mining has unveiled an auction for battery energy storage projects to be held in 2025. A public consultation regarding the auction should be launched in the coming days, as details regarding the capacity sought and the total amount allocated for the auction ...

Elsewhere in California, the Board of Supervisors for San Diego County have voted against a county-wide moratorium on new BESS facilities. The temporary moratorium had previously been suggested during the board's July 2024 meeting when officials decided to adopt new standards for BESS facilities, as reported by Energy-Storage.news.

The proposed BESS would be more than double the size of the Victorian Big Battery, currently Australia's largest BESS. Image: Victoria State government. The state government of New South Wales (NSW) in Australia is opening up a competitive procurement process for Waratah Super Battery, a 700MW/1,400MWh battery energy storage system ...

San Marino Tenders - Finden Sie die neueste Regierung, private und öffentliche Ausschreibungen aus jeder Branche und in allen Standorten in ganz San Marino. Erstellen Sie jetzt Konto und sichern Sie alle San Marino -Angebote mit umfangreicher Datenbank.

The BESS has a power rating of 12MW and an energy storage capacity of 8MWh, meaning a discharge duration of 40 minutes (0.66 hours). It was installed in six 40-foot containers and Enerparc claimed it is one of the largest batteries installed in combination with a ground-mounted solar plant in Germany.

A few days prior to the BESS tender's launch (11 March), GRIDCO opened a solicitation seeking consultants to assist the state in developing pumped hydro energy storage (PHES) resources. These ...

The facility must be delivered complete within 480 days of contracts being signed and bidders must have successfully completed similar BESS projects of at least 10MW within the past 10 years to be eligible. The tender opens on 16 September and bids must be received by the morning of 28 October.

The successful participants in the second round of Greece's auction for financial support of large-scale BESS have been revealed. The Regulatory Authority for Energy (RAE) of Greece revealed the shortlist of successful

bidders in the second round of its auction for energy storage, totalling 1.5GW/3.1GWh of projects, last week (8 February).

San Marino Free Tenders: Find below free latest E Procurement Opportunities, Tenders, RFP, RFQ & Bids from San Marino Country. With our free access, you can view a limited number of ...

BidsInfo are Content Aggregators and Tender Aggregators providing Bulk Tenders from Middle East, Africa, Asia, Europe & Oceania regions and also Tenders funded by Multilateral & ...

Search all the latest and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Turkey with our comprehensive online database. Call +1(917) 993 7467 or connect with one of our experts to get full access to the most comprehensive and verified construction projects happening in your ...

A new tender from the Solar Energy Corporation of India (SECI) seeks 2,000MW of solar PV combined with 1,000MW/4,000MWh of energy storage system (ESS) technology. ... The corporation has also launched India's biggest standalone BESS tender to date, seeking 1,000MW/2,000MWh aggregate output and capacity, as reported by Energy-Storage.news at ...

The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender. As has been the case in many of Germany's recent solar PV auctions, the Innovation Tender ended up oversubscribed, with 154 bids made for 1.8GW of capacity out of 583MW tendered capacity.

The tender requires them to be available for two full operational cycles (charge and discharge) per day with an availability of at least 95%. GUVNL will enter into a Battery Energy Storage Purchase Agreement (BESPA) with ...

Search all the battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Cuba with our comprehensive online database. Call +1(917) 993 7467 or connect with one of our experts to get full access to the most comprehensive and verified construction projects happening in your area.
