

Sany Wind Turbine Generator

What types of wind turbines does Sany offer?

SANY offers a range of 3 MW to 6 MW onshore wind turbines and tailor-made wind farm solutions for diversified geographic and climatic environments.

Who is Sany wind turbines & wind farm services?

SANY has emerged as a leading & competitive manufacturer of wind turbines & wind farm services for the global markets. Sany has been developing MW Class Wind Turbines for various wind regimes like India, China, USA, Africa & Brazil etc. since 2008. Sany provides an economically viable solution to customers for investing in wind energy.

How many kilowatts does Sany wind farm generate?

The total installed capacity of the wind farm is 100,000 kilowatts, of which 50,000 kilowatts in the first phase are all wind turbines from Sany Renewable Energy. The wind farm construction was completed in December 2018. In year 2020, the first phase of the wind farm generated 130 million kWh of power.

What is Sany wind farm & how does it work?

SANY aims to bring both economic and ecological benefits to every wind farm. Shenxianling wind farm in Ningxiang, China, with an annual average wind speed of 5.8-6m/sec, is a typical inland wind farm in mountainous region, where 24 units of SANY 2MW and 1 unit of 1.5MW wind turbines work together with a total installed capacity of 49.5MW.

Are Sany Wind Turbines suitable for high-altitude wind farms?

SANY's high-altitude wind turbines have been highly praised by customers for their stable and reliable operation in Yunnan Haoniuping and Yunnan Liziqing wind farms for many years, which well verifies the suitability of Sany's high-altitude wind turbines in high-altitude wind farms.

Who is Sany generator?

Beijing Sany Intelligent Motor Co., Ltd. ("Sany Generator"), a subsidiary of Sany Renewable Energy, has been deeply engaged in the field of double-fed generators for over ten years, it is specialized in R&D, manufacturing and after-sales service for double-fed generators.

Chinese engineering company Sany Renewable Energy launched its 9 MW offshore wind turbine during a ceremony at Sany Wind Power Equipment Industrial Base in Dongying. Direct naar inhoud Advertisement ...
