

Seraphim photovoltaic panel quality

Are seraphim solar panels good?

Seraphim solar panels are high-quality panels that are often sold at a competitive price. They use modern technology like PERC and half-cut cells, their 25-year performance warranty numbers compare favorably with those from other Tier 1 solar panels from brands like Trina and Longi, and they should last a good long time.

How many solar panels does Seraphim solar have?

Seraphim Solar currently has 132 solar panels approved by the Clean Energy Council in Australia under the name "Seraphim Solar System Co Ltd". This is a requirement to be eligible for the federal STC solar rebate.

Do Seraphim solar panels come with a warranty?

Most Seraphim solar panels come with a 15-year product warranty which is ahead of the market standard of 12 years. The performance warranty for solar panels guarantees a maximum rate at which the solar panel will degrade over time.

Are seraphim solar panels available in Australia?

In mid 2020 Seraphim have increased their push into the Australian market agreeing to a 50 MW solar module supply agreement with the Australian based solar wholesaler and importer Raystech Group. The companies that import Seraphim Solar's panels hold the responsibility for servicing warranty claims in the Australian market.

What is the degradation rate of Seraphim solar panels?

The degradation rate for SERAPHIM Solar Panels is less than 0.55% per year, which is lower than the industry average of 0.7% per year. SERAPHIM Solar Panels are a competitive option compared to other high-quality solar panel brands such as LONGi, JINKO, JA Solar, and TRINA.
