

Seychelles kontron solar

Who is energy solutions Seychelles?

Welcome to Energy Solutions Seychelles - Leading solar energy company in the Seychelles We supply and install high quality solar energy systems and solar hot water products in the Seychelles. Our aim is to provide reliable technologies including photovoltaic panels and dependable installation service. Why Choose Us Most experienced

Why choose Seychelles solar energy?

Local Seychelles experience Mahe, Praslin, La Digue and outer islands Certified by Seychelles Energy Commission Approved by PUC Technical staff qualified in solar energy & energy efficiency Quality renewable energy products Warranty & Certification Best price Optimal performance Best return on investment Solar Energy PV Systems

Who is Kontron solar?

Founded in 1976 as Steca Elektronik GmbH, today's Kontron Solar GmbH has been part of the Kontron AG since 2024. The company offers high-end power electronics for grid inverters and energy storage systems as well as control technology for photovoltaic systems and fuel cell systems.

Who is ESS Seychelles?

Contact Us ESS has been installing photovoltaic (PV) systems in Seychelles since 2012 and provides renewable energy products and energy efficiency consultancy. About Us FAQ About PV Products

Who is Kontron AG?

The company offers high-end power electronics for grid inverters and energy storage systems as well as control technology for photovoltaic systems and fuel cell systems. Kontron AG is a fast-growing technology leader, well-placed to help businesses achieve their industrial transformation and digitalization goals.

Mit ihren zwei Geschäftsbereichen, E2MS/ODM und Solar & Energie, tritt die Steca zukünftig unter dem Namen der Katek Gruppe auf. Um speziell den weltweiten Kunden und Geschäftspartnern aus dem Geschäftsbereich Solar & Energie den Erhalt der hohen Produktqualität sowie den kontinuierlichen Ausbau des Know-hows „Designed in Germany“ zu ...

Key agreements for the construction of Africa's first utility-scale floating solar photovoltaic (PV) system in Seychelles are expected to be signed at the end of the first quarter of this year, said the Energy Commission.

Once completed, Seychelles will have built the world's largest salt-water floating solar plant. The project, which has been seven years in the making, will see the installation of a 5-megawatt photovoltaic system in the lagoon at Providence, on the eastern coast of Mahe, which will help Seychelles move closer to its zero-emissions target.

French renewable power developer Qair has signed a power purchase agreement (PPA) with Seychelles authorities for the construction of a floating solar power plant in the country. The 5.8 MWp future renewable energy ...

7. Juni, 2023, Memmingen -- Steca stellt mit dem neu entwickelten StecaGrid SolBrid einen besonders flexiblen und leistungsfähigen dreiphasigen 10 kW Hybridwechselrichter vor. Er verfügt über bis zu 4 MPP-Tracker und eignet sich dadurch auch für Photovoltaikanlagen auf komplexen Dachern. Der Batterieladestrom von bis zu 25A ermöglicht zudem den Anschluss von ...

Die bekannte Solarelektronik-Marke „Steca“ der KATEK Group wird nach der Fusion mit dem führenden IT- und IoT-Konzern Kontron AG ab sofort als Kontron Solar fortgeführt. Das Unternehmen präsentiert sich unter der neuen Marke erstmals auf der Fachmesse Intersolar 2024 am Stand 140 in Halle B3.

Once completed, Seychelles will have built the world's largest salt-water floating solar plant. The project, which has been seven years in the making, will see the installation of ...

The floating solar plant is a game-changer for Seychelles, providing a reliable source of renewable energy and contributing to the country's sustainable development. We are especially proud to sign the first Seychellois PPA for a floating solar plant on Energy Observer, our partner zero-emission vessel."
