Hanergy's SHJ cells production line. Source: Hanergy Thin Film Power Group Ltd Hong Kong's stock market watchdog has cleared a privatisation plan for Chinese solar products maker Hanergy Thin Film Power Group Ltd (HKG:0566) that involves no cash payment and instead relies solely on stock replacement.

Does Hanergy have a triple arch solar roof tile?

Hanergy's triple arch solar tile. Source: Hanergy Thin Film Power Group Ltd China's Hanergy Thin Film Power Group Ltd (HKG:0566), or Hanergy TFP, on Saturday expanded its distributed solar offerings by launching its own solar roof tile for the domestic market.

Will Hanergy be able to build solar-powered vehicles and garments?

Hanergy's plans for solar-powered vehicles and solar-powered garments largely draw on different technology developed by the US-based developers in which it has invested. Earlier this year, Hanergy agreed to establish a joint lab with bike sharing start-up Mobike, to research the use of thin film solar on bicycles.

Who owns Hanergy thin film?

Hanergy Thin Film's parent company is Hanergy Mobile Energy Holding Group, which currently holds about 48.21% of the issued share capital. It said on Tuesday that the privatisation decision was made after a thorough analysis of the market environment and policy changes. Choose your newsletter by Renewables Now.

Why did Hanergy suspend its stock?

The city government will hold the remaining 30 per cent, according to the local planning bureau. Hanergy's stock suspension was a "disaster" for the company, Mr Li said at the time, depriving it of a funding channel to service loans and funds raised through China's high-interest shadow financing sector.
