The SLS Championship Tour is recognized as the world's premier professional street skateboarding competition. Events take place on custom-built, one-of-a-kind, SLS-certified plazas in major cities around the world, with the best in the sport competing for the highest stakes.

The regulations require investors to enter into a 20-year contract for the purchase of photovoltaic energy with Macao's sole energy service provider, Companhia de Electricidade de Macau (CEM). Essentially CEM will purchase the electricity produced to ensure investors profit within a reasonable period. However, progress has been slow.

Taking the win in his own country! Monster Energy congratulates team rider Aurelien Giraud on taking first place in Men's Skateboard Street in the SLS Paris 2024 skateboarding competition this weekend. In the season opener of the 2024 SLS Championship Tour presented by Street League Skateboarding (SLS), the 26-year-old French Olympic ...

SLS Energy is solving the problem of battery waste and power supply quality by repurposing retired batteries from e-waste and electric vehicles to build affordable energy storage systems for various market segments. The company is addressing the missing link for the sustainable adoption of renewable energy and electric mobility, providing power ...
