

Soh energy Congo Republic

We are a full-scale oil and gas company, delivering comprehensive energy solutions. We specialize in the exploration, production, refining, and distribution of vital energy resources.

The Republic of Congo (RoC) is making strides in renewable energy, with the planned construction of its largest hydroelectric dam at Sounda, slated to begin in January 2025. This \$9.4 billion project, financed and led by China Overseas, is poised to generate 600-800 MW, marking a crucial step in the country's energy transformation.

French oil and gas supermajor TotalEnergies announced in May that the company intends to invest \$600 million in the Republic of Congo (ROC) before 2024 is out. The funding will support exploration and improve production in the deep offshore Moho Nord field, which currently produces at a

SOH Energy is an indigenous, integrated oil and gas service company providing innovative solutions across the energy industry in West Africa. We specialize in advanced drilling technologies, efficient production support, streamlined logistics, and reliable distribution services.

The Republic of Congo is well-positioned to leverage its immense hydro and solar resources to drive sustainable development while adding a significant amount of renewables to its energy mix.

New and existing oil and gas producers in Congo have committed to supporting this goal and are ramping up investments to boost output. On November 7, energy players Unite Oil & Gas and ARIES Energy formed Bomoko Energy to acquire and develop local hydrocarbon assets.
