

Solar green ltd Kosovo

Who is solar Green Ltd?

Trust Solar Green Ltd for all your solar needs and let us help you achieve a greener future. When it comes to solar panel systems, we offer the best. Our high-quality systems are designed to maximise energy efficiency and reliability.

Who is solar green?

Welcome to Solar Green Ltd - your trusted partner for clean energy solutions. We specialise in cutting-edge solar panels and seamless installation services, providing you with a sustainable and cost-effective energy solution.

Who is Unisolar LLC?

Unisolar LLC was founded seeing the need for a serious company, which would be closer to the customers in the field of renewable energy. In a short time the company Unisolar L.L.C. became a leader in the field of renewable energy in Kosovo and the region.

How Unisolar is developing our country?

Here you can see how we are developing our country, with the tireless work of our team ... Unisolar LLC, was founded in January 2021, by electrical energy engineers and the renewed one: Mr. Bujar Guci in Kosovo. Unisolar LLC was founded seeing the need for a serious company, which would be closer to the customers in the field of renewable energy.

Despite being geographically well suited for developing solar energy, Kosovo is facing legal, administrative, and financial barriers such as prolonged authorization procedures, solar PV installed capacity limitation, lack of RES skills and capacities, protracted legalization process, lack of public awareness, and modest support schemes, that

Unisolar L.L.C. is the exclusive representative of the company AE SOLAR GMBH, for photovoltaic panels in the Republic of Kosovo and Albania. This made us proud as a company, motivating us to achieving the highest possible successes in the field of renewable energy.

The EIB is providing EUR33 million for the construction of one of Kosovo's largest solar photovoltaic plants. In line with the EU Global Gateway initiative, the project will also benefit from a EUR29 million loan from the KfW ...

The solar power plant will help save more than 130,000 tonnes of carbon dioxide emissions annually. In total, 152 GWh of green electricity will be produced annually, benefiting Kosovo households, public institutions and companies.

Unisolar L.L.C. is the exclusive representative of the company AE SOLAR GMBH, for photovoltaic panels in the Republic of Kosovo and Albania. This made us proud as a company, motivating ...

The "Solar 4 Kosovo" project is one of the largest energy projects in Kosovo. It will be one of the largest solar plants in Europe and the first in the region in terms of capacity, using clean solar energy for the benefit of heating. By installing solar panels over an area of 69,000 square meters, two systems will be integrated: solar ...

The EIB is providing EUR33 million for the construction of one of Kosovo's largest solar photovoltaic plants. In line with the EU Global Gateway initiative, the project will also benefit from a EUR29 million loan from the KfW Development Bank and a EUR32 million EU grant channelled through the Western Balkans Investment Framework

To support the green transition in Kosovo*, one of its largest solar photovoltaic plants will be constructed on former ash dump fields near Pristina with a capacity of up to 100 MW. The electricity sector in Kosovo is almost entirely dependent on coal-fired power plants.
