

Solarpack will use the funds for two solar projects with a combined capacity of 252 MWp (180 MWac) in Colombia. These are the 80-MWac/108-MWp La Mata project in the department of Cesar and the 100-MWac/144-MWp La Union in Cordoba.

Colombia's Renewable Energy Landscape. As of the end of 2023, Colombia had a total installed capacity of 20 GW, with solar energy accounting for 676 MW (3%) of the country's energy mix. The investment in the Shangri-La solar project reflects Colombia's ambition to increase its renewable energy capacity and reduce its reliance on fossil fuels.
