Distributed solar PV study; Review of the current legislation policy in the British Virgin Islands and made recommendations on how to revise legislation to allow for generation of electricity by ...

About Us. The December 2001 enactment of the Financial Services Commission Act, 2001 established the British Virgin Islands Financial Services Commission as an autonomous regulatory authority responsible for the regulation, supervision and inspection of all financial services in and from within the BVI.

The islands were part of the British colony of the Leeward Islands (1872-1960); they were granted autonomy in 1967. The economy is closely tied to the larger and more populous US Virgin Islands to the west; the US dollar is the legal currency. On 6 September 2017, Hurricane Irma devastated the island of Tortola.
