

# Solar panels sale Vanuatu

What is Vanuatu's solar power project?

The Government of Vanuatu has set a target of 65 percent power generation from renewable energy by 2020 to increase energy security and fight climate change. With this project, 17,000 households throughout Vanuatu will be supported to access non grid, renewable electricity through solar.

How can Etech solar help Vanuatu?

The sun is a powerful source of renewable energy. We can harness that energy to create a sustainable future in Vanuatu and the world. eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply.

Why should you go solar in Vanuatu?

In an era of climate change and unsustainable environmental practices, by embracing solar power Vanuatu can forge ahead with providing affordable, clean energy for all its people. More than ever, a great time to go solar!! Reduce your electricity costs.

What can I buy from a solar energy company?

Reduce your electricity costs. From little things to big things, we stock solar lighting systems, sewing machines, hair clippers, radios, lamps, fans, solar computers to bigger systems including water bores, freezers, PA systems, street lights, garden lights, larger house and office systems ++.

eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply. We aim to be the best solar supply and installation company in Vanuatu for households, communities, villages, aid posts, hospitality industry ...

At Better Energy, our focus is on preserving and enhancing the effectiveness of your solar systems. Our services include annual panel cleanings, preventive maintenance, and PV system inspections to ensure optimal performance. We offer electrical testing, PV system monitoring, and performance analysis to guarantee the best results.

PCS has a range of high quality, high performance solar panels, inverters and batteries for your power system needs, and completes a standard electrical installation with our range of LED Lighting, breakers, conduits, electrical cabling and GPOs.

We have AC sets which include everything you need from the panels, regulator / inverter and Batteries. For larger requirements you can set up an appointment to meet with our Technical Specialists. They will be able to give you a quote for a Solar System to meet your needs.
