The Cocos Keeling Islands Community Resource Centre has been operating since 2002, providing services to local businesses, residents and visitors to our wonderful Islands. We are a not for profit community based organisation that provides integrated technology and

We would expect a 6kW solar system in Home Island Cocos (keeling) Islands to produce 26.40kWhs of solar energy over the course of a year. How much this is actually worth depends on how much you pay for power and how much solar power you send to the grid. A 6kW solar power system is shown here - commonly 17 x 370W panels are used to get to 6.3kW.

Flag of Cocos Keeling Islands 4. You can fly here with ease. The main airport serving the islands is on West Island at Bantam. Get a flight from the Aussie mainland! 5. You don't have to say the full name! The name can be a bit of a mouthful - which is why the islands are sometimes simply shortened to Keeling Islands or Cocos Islands. 6.
