

Solplanet ai lb 5k Uzbekistan

What is the solplanet app?

The Solplanet app makes commissioning and monitoring easy. Our powerful and efficient Ai-LB Pro low-voltage batteries boast a maximum discharging rate of up to 1C, ensuring rapid energy deployment precisely when needed. With the ability to expand up to 160 kWh, they offer scalability and flexibility to meet diverse energy needs.

Why should you use solplanet?

Streamlining user experience, quick setup and efficient data tracking are achieved seamlessly through the intuitive Solplanet apps. Users can easily monitor energy consumption and battery charge/discharge levels, fostering a transparent and user-friendly energy management experience.

Are solplanet batteries compatible with a hybrid inverter?

The series stands fully compatible with Solplanet's line of hybrid inverters, offering a comprehensive and cohesive solution for advanced energy monitoring and control. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

Our Ai-LB low-voltage batteries are IP65 certified, have all-around BMS protection, and are built with the highest quality cells on the market, giving you the longest battery life cycle possible. And as with all Solplanet's products, you can easily monitor the battery's charge and consumption using our user-friendly mobile application.
