

# Storagenergy technologies inc Saint Lucia

Storagenergy Technologies is a company that develops advanced materials and electrochemical devices. It offers lithium, sodium-ion, redox flow, and zinc-air batteries, as well as solid oxide and prototype cells. The company also provides synthesis and recycling solutions.

Storagenergy stands at the forefront of battery R& D, focusing on technologies to push beyond the capabilities of current-generation LIBs. We seek to fulfill commercial demands for enhanced energy and power densities, lower costs, and improved recyclability.
