

Is Sun Power Energy a good investment for Poland?

"The Sun Power Energy platform acquisition aligns perfectly with our growth strategy for Europe; we are gaining an excellent local team and an impressive pipeline as a catalyst for our ambitious growth strategy for Poland," said Axel Thiemann, CEO of Sonnedix.

Does Sun Power Energy have a PV project pipeline in Poland?

Sun Power Energy has a PV project pipeline in Poland that exceeds 1GW, Sonnedix said in a statement. Poland is the second entry into a new market by Sonnedix in recent months, after its first acquisition in Germany of an operational portfolio of 5.6MW, in December 2021.

Why did Sonnedix acquire Poland's Sun Power?

The acquisition of Poland's Sun Power brings Sonnedix's total capacity of operating assets and projects under development and construction to more than 6.5GW worldwide. The global solar IPP states that it is actively seeking new growth opportunities through the acquisition of both operational and development projects.

Why did Sonnedix acquire Sun Power Energy?

"The acquisition of the Sun Power Energy platform aligns perfectly with our growth strategy for Europe; we are gaining an excellent local team and an impressive pipeline as a catalyst for our ambitious growth strategy for Poland," said Axel Thiemann, CEO of Sonnedix.

Is Sonnedix a good fit for Sun Power Energy?

Sun Power Energy's Managing Director Justyna Nesteruk, who joins Sonnedix as Head of Growth and Representative Director, Poland, said: "Sonnedix is a perfect match, providing us with the opportunity to expand the development of solar projects and to operate these assets for the long term.

According to Global Innovation Index, Poland was named one of the most innovative countries in 2021. Throughout 2022, this country has continued to expand and evolve its efforts to find faster, more efficient solutions within technology. Cloud services in Poland are growing seven times faster than the overall IT market.
