

Suncom energy Honduras

Founded by Henk Arntz, Suncom Energy is driven by a mission to revolutionize industrial energy consumption by providing sustainable and reliable clean heat solutions to industry. Our team is committed to helping businesses transition ...

Suncom ha desarrollado una solución innovadora de generación de calor diseñada específicamente para ti. Nuestro SunFleet patentado establece un nuevo estándar en eficiencia y rendimiento que garantiza una generación de calor fiable y sostenible.

Recently, Henk Arntz, CEO of Suncom Energy, marched away with the Industry Innovators Award 2022, having won both the jury prize and the audience prize. He also had the opportunity to pitch his idea during the Dragons' Den of Transition.

La misión de Suncom es proporcionar alternativas económicas y sostenibles -como el micro-CSP- a las fábricas que aún utilizan combustibles fósiles para producir calor de proceso.

With a focus on efficiency and scalability, we aim to empower industries to meet their energy needs while significantly reducing their carbon footprint. Suncom Energy provides 24/7 clean heat to companies using our patented compact Concentrated Solar Power (CSP) solution.

Founded by Henk Arntz, Suncom Energy is driven by a mission to revolutionize industrial energy consumption by providing sustainable and reliable clean heat solutions to industry. Our team is committed to helping businesses transition away from fossil fuels, ensuring a ...

In 2015, Honduras ranked as the second largest producer of solar electricity in Latin America (behind Chile, but ahead of Mexico). Honduras has a large potential for solar photovoltaic generation. In fact, it is a practical solution for servicing energy-isolated rural communities.
