

Supplier for solar panels Niue

Where is Niue located?

Niue, the largest upraised coral atoll in the world, is situated in the South Pacific Ocean, some 2,400 kilometres northeast of New Zealand. Like many island nations, Niue is heavily dependent on diesel fuel for power generation.

What is Niue's energy roadmap?

Under the new energy roadmap, Niue has set a goal of 80% renewables by 2025. According to Radio New Zealand, while the main focus of Niue's energy transition will be on solar power; the potential of other renewables such as wind power, biomass and wave energy will be investigated.

Is LA solar UL certified?

From now on we kindly inform you that LA Solar has successfully passed one more essential testing - the Underwriters Laboratories (UL) certification and all of the produced products are reliable and efficient. Our company improves warranty for the whole production.
