

Botswana can leverage its growing tech ecosystem to address national challenges while enhancing opportunities for young people in robotics and coding. By investing in education, fostering partnerships between startups and educational institutions, and promoting community engagement, the country can cultivate a thriving tech environment.

TechnoSolve Ltd. | 47 followers on LinkedIn. TechnoSolve is a financial solutions platform provider founded in 2002 by senior executives from the former Hongkong Chinese Bank. TechnoSolve was started with the specific vision to revolutionize the way banking applications are built with today's technology. Our R& D team has over 50 experienced software engineers and ...

TechnoSolve delivers a platform for you to easily create a banking solution to fit your needs... Instead of creating unique/independent systems for every specific need, we have identified the constants and variabilities in characteristics of different banking products and operations, and created a platform that allows bank users to easily pick, choose, and adjust these ...
