Now, don't expect a dull geography lecture, instead buckle up for a rum-fuelled, palm-swaying, beach-loving tour of this ...

&lt;p&gt;Santo Domingo - Tax incentives for solar panels represent a cost of US\$250 million for the State in the last decade. The proliferation of solar panels costs electricity distribution companies (EDE) almost US\$90 million per year, with excellent growth potential. This cost is due to three aspects: self-consumption (customers stop using the distributors' network), ...

In March, Dominican authorities arrested 19 people in relation to a corruption case involving many high-profile political actors. Amnesty International reported in May that a mobile phone belonging to Dominican journalist Nuria Piera had been targeted with NSO Group's Pegasus spyware three times between 2020 and 2021.

This week, Special Representative for International Labor Affairs (SRILA) Fay Rodr&#237;guez traveled to the Dominican Republic to reinforce President Biden's Memorandum on Advancing Worker Empowerment, Rights, and High Labor Standards Globally.. The visit comes on the heels of a new report from the Dominican Justice Initiative, which illustrated how the ...

While the Tier 1 category provides some peace of mind, it's important not to be misled. The term "Tier 1 solar panel" is somewhat of a misnomer. The classification applies to the manufacturer, not the panels themselves. Therefore, while a Tier 1 manufacturer is more likely to produce high-quality panels, it's not a guarantee. Tier 1 ...
