NUKU"ALOFA, TONGA (14th November 2019) -- Tonga's second Large scaled Battery Energy Storage System (BESS) will be built at Matatua after an agreement was signed today between Tonga Power Limited and Akuo Energy ...

A 300MW/600MWh battery energy storage system (BESS) developed by &#216;rsted will be co-located with its Hornsea 3 Offshore Wind Farm onshore substation. Flow battery player Invenergy claims new product can ...

A special event today marks the official opening of Tonga's first ever large-scale Battery Energy Storage Systems (BESS) by the Prime Minister Hon. Hu"akavameiliku. The two Battery Energy Storage systems are deliverables of the Tonga Renewable Energy Project (TREP) located at the Popua Power Station and at Matatua, Tofoa.

The two Battery Energy Storage systems are deliverables of the Tonga Renewable Energy Project (TREP) located in two separate locations. The first BESS, which is for grid stabilization, is located at the Popua Power Station and the second BESS, which is for load shifting, is located right behind NEMO's new operations facility in Matatua, Tofoa.
