

Topray solar TÃ¼rkiye

What does Topray Solar do?

Topray solar engages in developing, producing and selling solar cell, solar module, solar consumer items, solar power system. Furthermore, Topray solar invests and operates in photovoltaic power station field.

Is Topray Solar a publicly traded company?

Topray Solar (Chinese: 拓日新能; pinyin: Tuòrì) is a vertically integrated solar energy company with global presences in Africa,Europe,Asia and North America. It is a publicly listed company on China Shenzhen Stock Exchange(Stock Ticker: 002218) with a market cap over 1 Billion USD.

Where is Topray Solar located?

Topray Group consists of 25 subsidiary companies in America,Germany,Uaganda and China. Topray solar has five major industrial bases,located in Shenzhen,Sichuan,Shanxi,Xinjiang,Qinghai. Topray solar is committed to provide the best products and service for global customers. Topray Solar |948 followers on LinkedIn.

What is the production capacity of Topray Solar?

Topray group has its production capacity of 2GWsolar glass,1GW solar cell,and 2GW solar module respectively. Topray solar will build and hold 1GW photovoltaic power station in the coming few years. Topray Group consists of 25 subsidiary companies in America,Germany,Uaganda and China.

How many employees does Topray Solar have?

Topray Solar has 4 employeesacross 6 locations and ¥1.25 b in annual revenue in FY 2022. See insights on Topray Solar including office locations,competitors,revenue,financials,executives,subsidiaries and more at Craft.

How many patents does Topray Solar have?

Topray solar owns 174authorized patents,of which are 12 invention patents authorization. Topray solar has the most complete amorphous silicon photovoltaic industry chain. The products passed the pre-shipment inspection by TUV,ITS,SGS,STC and awarded the certification of IEC61215 and IEC61730.

Shenzhen Topray Solar Co., Ltd., referred to as "TOPRAY Solar" Stock code 002218. The company was established on August 15, 2002 with a registered capital of 1.236 billion yuan. It was listed on the Shenzhen Stock Exchange on February 28, 2008 (stock code 002218). It is the first pure solar company listed on the domestic A-share market.

TPS-P6U(72DH) Half cell design allows the module to be operated in half of the original current, lowers the internal loss and decreases the CTM loss, generating more power. Topray Solar half cell operates in lower temperature, decreases the risk of hot spot and the loss due to temperature coefficient,enhancing the performance and reliability.. Module circuit separated into two ...
