With VRM on your smartwatch, keeping an eye on essential aspects of your system has never been easier. Quickly view the state of charge, solar power, grid [...]

For technical support, warranty claims and repairs, check our support pages or contact the local dealer where you purchased the product. They are happy to help, trained with the highest level of know-how and responsible to provide you with support.

I have a EasySolar-II with 1.8 kW PV panels and 4.8 kWh pylontech batteries. It's grid connected in a camping site, so as soon as my batteries are charged and the PVs starts to export to the grid, whenever it reaches ~ 1300 W, I hear some noises in my EasySolar, then it disarms something and I got off grid, but not without electricity in my tiny-house, thanks to the ...

I had the same issue (Lynx Distributor red lights) with my initial unit with serial HQ2204. My Victron dealer (in Cascais, Portugal) raised the RMA and I received a new unit with serial HQ2246. I installed it yesterday on my sailing boat. The problem is still there - all LEDs are red. All fuses (Victron Mega fuses) are good, I'm constantly ...

As for moving to backward France. We are constantly asking ourselves the same question. After living in Portugal for 7 years we thought we would try hear as the climate would be more suitable to what we are doing. We thought that maybe they would be a little more forward thinking and upto date. Not the case.

Ich hänge einen Screenshot der techn. Daten des Panels und der App an. Wie gesagt, die Spannung liegt meiner Erinnerung nach "seit Installation" bei rund 22V. Ich bin z.Z. in Portugal und an blauem Himmel + Sonnenschein mangelt es nicht. Teilverschattung ist ausschließbar? Die Panels sind flach auf dem WoMo-Dach installiert.

Good luck to all athletes! ?? #VictronEnergy #Paris2024 #Sailing #TeamNetherlands. ? Introducing the GX Touch 50 and 70 Flush Mount Versions!
