

Water solar power fishing

Is solar power a good idea for fishing boats?

The solar powered motor seems well-suited for the smaller under-10m inshore day-trip fishing boats that utilise static gear. With 2,742 under 10m vessels operating across the UK in 2022 (Seafish,2023),as well as aquaculture service vessels,solar power presents a potentially exciting solution.

Could solar power be a solution for fisheries in 2022?

With 2,742 under 10m vessels operating across the UK in 2022 (Seafish,2023),as well as aquaculture service vessels,solar power presents a potentially exciting solution. Hans describes himself as optimistic about the shift to electric power,emphasising the need for fishermen to change their mindset going forward.

Can you fish with a solar powered Lorna Jane?

The solar powered Lorna Jane. The Lorna Jane only fished one season in very local waters before the retrofit,so comparing fishing practices before and after the solar installation is data limited.

What is the srav - the world's first solar-electric fishing boat?

The SRAV stands as the world's first solar-electric fishing boat, embodying our commitment to innovation and sustainability. Collaborating with the Shell Foundation, we're embarking on the construction of 100 solar-electric fishing vessels, dedicated to reshaping the industry while elevating the livelihoods of fishing communities worldwide.

Why should you buy a srav solar-electric catamaran?

Efficiency Redefined Our flagship SRAV solar-electric catamaran is meticulously designed to significantly reduce operational costs,thereby boosting fishermen's earnings. Powered by the MAKO 12 kW electric motor,the SRAV effortlessly glides through the sea at an impressive speed of 7 knots--setting a new benchmark in its class.

Can a short film help convert other fishers to electric fishing?

Now, with support from the Company's Fisheries Charitable Trust, Hans is using a series of short films to spread the word about the vessels capabilities and its technical capacity, in a bid to help convert other fishers to the electric approach. You can watch the films and find out more about Han's boat on the I t'll Never Work website.
