Zimbabwe Energy Plant Power Station Project. Project Name: Supply, Delivery, Installation and Commissioning of Drain Pump Motor Sets. Pump Name: Vertical Long Shaft Underwater Pump; Capacity: 250m³/h; Head: 8.5m; Material: ANSI416 (Y1Cr13); ... market@sinoflo .cn ...

The Kariba South Expansion Project involves the expansion of the South Power Station in Zimbabwe, located on the southern bank of Kariba Gorge, which lies at the border between Zimbabwe and Zambia. Built with the support from the Chinese government, it is the first large-scale hydroelectric project undertaken by a Chinese company in Zimbabwe.

Hwange Thermal Power Station is Zimbabwe's largest coal-fired power generator with installed production capacity of 920 MW. But due to old age, the plant's current dependable capacity is around 600 megawatts. In addition to the Kariba South Hydro-power Extension Project, which was completed in March 2018 also by Sinohydro, the Hwange ...

Zimbabwean Energy and Power Development Minister Soda Zhemu said here on Monday that prolonged power cuts are "now a thing of the past" in Zimbabwe following the completion of Hwange Thermal Power Station Unit 7 and 8 expansion project.

HWANGE, Zimbabwe, Aug. 3 (Xinhua) -- Zimbabwean President Emmerson Mnangagwa on Thursday commissioned the Chinese-funded Hwange Thermal Power Station expansion project in Hwange, about 780 km from the capital Harare.

HARARE, Dec. 28 (Xinhua) -- Zimbabwe and Zambia will experience further curtailed electricity generation from their two hydropower stations at Lake Kariba following a reduction in water allocation to their two power utilities for the coming year by the Zambezi River Authority (ZRA).

HARARE, July 31 (Xinhua) -- Zimbabwean Energy and Power Development Minister Soda Zhemu said here on Monday that prolonged power cuts are "now a thing of the past" in Zimbabwe following the completion of Hwange Thermal Power Station Unit 7 and 8 expansion project.
